

SOUND - SPELLING CARDS 102

Apple Card

- ✓ Apple - /_/_/ - spelled A
- ✓ Short vowel sound (mouth open when sound is produced)
- ✓ Occurs in a syllable that ends with a consonant letter (cvc, vc): *am and can had cat dance quack*
- ✓ Exceptions: *what, father, mamma, ancient*
- ✓ When /a/ occurs in an unstressed syllable (schwa), the sound is muffled and may change: *fi-nal, a-lone, so-da*

Bear Card

- ✓ Bear - /b/- spelled B
- ✓ A voiced consonant
- ✓ Also occurs in consonant blends with R and L: *brown, break, blink, blue*
- ✓ If the blend splits up between vowels (prob-lem) the B makes the first vowel short

Cat Card

- ✓ Cat - /k/ - spelled C, K, blank-CK
- ✓ An unvoiced consonant
- ✓ This is the hard C sound and occurs before any letter except E, I, or Y: *can, cop, cut, clip, crab, fact, acme, acquire*
 - Exceptions: *Caesar, façade, muscle, indict*
- ✓ The letter K followed by E, I, or Y results in the hard C sound: *kept, keep, kite, kit, shake, shaken, shaking*
- ✓ _CK is used to spell the sound of K at the end of the root word, right after a short vowel. Native English words do not end in C.
 - NOTE: To scaffold this card for students, add a green Post-it to the blank line in front of the CK to indicate this spelling always follows a short vowel: *pack, peck, pick, pock, block, duck, truck*
 - Exceptions: *Mac, Doc, trek, sac* - slang or foreign words

- ✓ When the occasion arises, a Post-it with the CH spelling for the sound of K may be added to the cat card. Words of Greek origin, borrowed by the Romans, contained a sound they could not pronounce. They rewrote the sound using the CH: *school, Christmas, chlorine, character, stomach*

Duck Card

- ✓ Duck - /d/ - spelled D, blank-ED
- ✓ A voiced consonant
- ✓ Can occur in consonant blends with R and W - DR and DW: *drink, draw, dwarf, children, laundry*
- ✓ The _ED is pronounced as a voiced /d/ sound if it follows
 - ✓ a vowel or a voiced or nasal consonant: *closed, dined, timed, pulled*
 - ✓ The _ED is pronounced as /t/ following an unvoiced consonant other than the letter T: *asked, mixed, baked*
 - ✓ The _ED is pronounced as a separate syllable -ed after D and T: *added, handed, voted, pasted, completed*

Elephant Card

- ✓ Elephant - /_/ - spelled E
- ✓ Short vowel sound when it is within the syllable - cvc
- ✓ Short vowel sound when it begins a word and is followed by a consonant in the same syllable - *egg, ef-fort, ex-tra*
 - Exception: *pretty*
- ✓ E is also short when combined with A to form the vowel team EA -- *head, deaf, bear, heavy, breath, bread*
- ✓ The sounds of E are muffled beyond recognition in the syllables which are the most hurried and the least stressed. This happens mainly to the sounds spelled by the simple letter E: *telephone, competition, funnel, basket, confidence*

Fish Card

- ✓ Fish - /f/ - spelled F
- ✓ An unvoiced consonant
- ✓ May be part of a consonant blend with L and R - FL and FR:
free, from, flat, friend, flower, Friday
- ✓ These blends seldom split up between vowels; the vowel before the blend is long - *refrain, reflect*
- ✓ When the occasion arises, a Post-it with the _FF spelling may be added to the fish card. The _FF is a letter team for the sound of F following a short vowel at the end of a syllable or word. Adding a green Post-it to the blank line in front of the FF will scaffold this spelling pattern for your students: *off, staff, bluff, gruff, sheriff, fluff*
- ✓ When the occasion arises, a Post-it with the PH spelling may be added to the fish card. This is a Greek spelling for the F sound: *phone, photo, elephant, alphabet, graph*
- ✓ When P and H belong to different syllables, they do not make the F sound (*loophole, shepherd, uphill*).
- ✓ In a very few instances, the F sound is made by the consonant team of GH (*rough, tough, cough, laugh*), but since there are so few of these words, it is not recommended that a post-it be added to the Fish card.

Goose Card

- ✓ Goose - /g/ - spelled G
- ✓ A voiced consonant
- ✓ G makes the hard G sound when it comes before any letter except E, I, or Y - *game, go, glass, dogfish, fragment, signal*
- ✓ G makes the hard sound when it has nothing that comes after it: *beg, bag, dog, leg, brag*
 - Exceptions: *get, give, girl, begin, gaunt*,
- ✓ G may also be joined with R and L in consonant blends. If the blend is split over syllables, the vowel before it is short. If the blend does not split, the vowel before it is long: *prog-ress, pro-gram*

- ✓ In a very few instances, *G* combines with *H* to form the hard *G* sound (*ghost, ghoul, spaghetti*) but since there are so few of these words, it is not recommended that a post-it be added to the *Goose* card.
- ✓ *GU* can also be a consonant team for the hard *G* sound. This occurs when the next letter is an *E* or an *I*: *guess, league, guide*. The *GU* keeps the *E* or *I* from making the *G* a soft *G*.
- ✓ *GU* may also be a consonant blend where the *G* is hard and the *U* represents the sound of *W*: *penguin, language, distinguish*

Horse Card

- ✓ Horse - /h/ - spelled H - blank
- ✓ An unvoiced consonant
- ✓ In English, the *H* has one basic sound, the first sound in *help*. It makes this sound when it is the first letter in a word or syllable.
- ✓ There are some French and Latin words in which the *H* is silent: *honor, heir, hour, honest, exhaust, vehicle*
- ✓ *H* almost never occurs alone after a vowel in English; exceptions being *oh, ah, hah, eh, uh* (approximations of inarticulate grunts)
- ✓ *H* is the second letter in the consonant teams *CH, GH, PH, RH, SH, TH, WH*; teams for sounds which did not exist in the Latin language (refer to *CH, SH, TH, WH* cards)

Igloo Card

- ✓ Igloo - /_/_/ - spelled I
- ✓ *I* is short in a syllable that ends with a consonant - *cvc* or *vc*: *it, is, bit, mist, print, quilt, bit-ten, pre-dic-tion*
- ✓ When there are two consonants between vowels, the first vowel is almost always short: *fifty, assistant, timber, missed*
- ✓ Only words of foreign origin, slang terms, and the pronoun *I* end in the letter *I*: *hi-fi, taxi, macaroni, alibi, fungi, timpani*
- ✓ Unlike the sounds of other English vowels, the sounds of *I* in unstressed syllables (*schwa*) are fairly distinct. When the next letter is a consonant, the *I* remains detectably long or short,

depending on how it would sound if stressed: *i-de-a-lism, li-bra-ri-an, ta-king*. When I, before a vowel, is unstressed because it is in a suffix, it has a distinct long E sound: *hap-pi-er, va-ri-ous*

- ✓ NOTE: The kindergarten Alphafriend card is an Iguana card, not an Igloo card

Jumping Jill Card

- ✓ Jumping Jill - /j/ - spelled J, GE, GI-blank, blank-DGE
- ✓ J is a voiced consonant: *job, joke, jolly, jacket, enjoy, subject, adjourn*
- ✓ J is never used as the last letter in a word, instead -GE or -DGE is used
- ✓ GE is used at the end of a word that ends with the J sound: *page, huge, large, forge, plunge, bulge*. The silent E makes the G soft and the vowel long, unless the GE is preceded by another consonant.
- ✓ In words of French origin, the GE at the end of a word is pronounced ZH: *garage, mirage, lingerie*
- ✓ GI_ is used at the beginning of a syllable when a J sound is needed:
giant, ginger, magic, longitude
 - Exceptions: In some words, G is followed by an E, I, or Y and makes the hard G sound: *get, girl, give, gift*
- ✓ -DGE is a consonant team for the sound of J at the ends of root words following a short vowel: *judge, edge, bridge, hedgehog, midget*. The silent E is needed to make the G a soft G, and the D is needed so that the silent E does not make the first vowel long.
 - NOTE: It is suggested that a green Post-it be added to the blank line in front of the DGE on the Jumping Jill Card.

Kangaroo Card

- ✓ Kangaroo - /k/ - spelled K, C, blank-CK
- ✓ K is an unvoiced consonant
- ✓ In English K is used only before E, I, or Y when a hard C sound is needed: *king, keep, kitten, shaky, musk, break* sound are spelled _ck, but on the K is used if the /k/ sound follows two vowels (*peak, steak*) or immediately follows a consonant (*milk, chalk, mink*)
- ✓ Root words ending in the K sound must be spelled with K (or CK) because most of them take suffixes that begin with E, I, or Y: *ask/asking, luck/lucky, speak/speaking*
 - Exceptions: *disc, arc, franc, zinc, talc* - words of foreign origin
- ✓ In some words of French origin, QUE makes a /k/ sound: *bouquet, mosquito, torque, critique*. There are so few of these words in elementary texts, adding QUE to the Kangaroo card is not recommended.

Lion Card

- ✓ Lion - /l/ - spelled L, blank-LE
- ✓ L is a voiced consonant
- ✓ The sound of L is a very sophisticated sound and is especially difficult for beginning reading students, particularly when it occurs before a vowel
- ✓ The letter L is often the first letter in a syllable: *let, last, tab-let, quick-ly*
- ✓ The letter L is the last member in some consonant blends: *black, clean, chlorine, flag, glad, plan, slip, splash*
- ✓ When the L sound occurs at the end of a root word we use LL to spell it: *ill, hill, still, cell, fell, mull*.
- ✓ Unlike _ff and _zz the LL spelling does not always follow a short vowel. In words of Native English origin, the A may be changed to the AW sound (*hall, ball, tall*) and the O sound may be changed to a long O sound (*roll, poll,*

- ✓ -LE is an English suffix that is pronounced the same way as /el/; _LE captures the consonant immediately preceding it to create a separate syllable: *ta-ble, ap-ple, bub-ble*
- ✓ When L occurs after a long vowel sound in a single syllable word, the word often sounds like it has two syllables: *pail, feel, tile, coal, rule, boil, howl, cool*
- ✓ The letter L can also be silent before K, M, F, or D; however, because there are so few of these words, it is not recommended that LK, LM, LF, or LD be added to their respective Sound-Spelling cards

Mouse Card

- ✓ Mouse - /m/ - spelled M
- ✓ M is a nasal consonant: when the mouth is held closed the voice carries the sound through the nose
- ✓ M is a consonant letter used anywhere in a word: *me, map, am, came, important, prism, admit*
- ✓ MB and MN are consonant teams for the sound of M: *climb, comb, thumb, hymn, column*. However, there are so few words with these spelling patterns it is not recommended that Post-its with MB or MN be added to the Mouse card.

Noodle Card

- ✓ Noodle - /n/ - spelled N, KN-blank, GN
- ✓ N is a nasal consonant used anywhere in a word: *no, snow, any, noun, tradition, glen, planned*
- ✓ KN is a consonant letter team for the sound of N used only at the beginning of a root word: *know, knit, knight, knee, knothole, ac-know-ledge, un-known*
- ✓ GN is a consonant team for the sound of N: *gnaw, gnat, align, gnu, assign, design*
- ✓ GN occasionally represents the sound /ny/: *poignant*
- ✓ GN followed by a Latin suffix breaks up and becomes a hard G: *signal, malignant*

Ostrich Card

- ✓ Ostrich - /_/_/ - spelled O
- ✓ O is a short vowel when it occurs within a syllable (cvc):
hot, fond, concert, hot-ter, a-dop-ted
 - Exceptions: The O sound within a syllable will sometimes make the short U sound or the long O sound. Students should be taught to try a short U sound or a long O sound when the short O sound does not work: *son, ton, front, mother, company, oven, color, come, some, none, done, love, most, both, don't*
- ✓ O is short at the beginning of a word when it is followed by a consonant: *on, off, obstacle, optional*
- ✓ In words where the O is followed by L or LL in a stressed syllable, the L goes off with the next syllable and the O is short (*jo-lly, ho-llow, o-live, so-lid, bi-o-logy*), except when the L is single and the suffix makes it a long O (*cor-o-llary, co-llapse, po-lar*)
- ✓ In hurried, unstressed syllables, the O sound is muffled (schwa). This happens mainly to the sounds spelled by the simple letter O: *po-ta-to, oc-cur, com-bine*
- ✓ NOTE: The kindergarten Alphafriend card is an Octopus card, not an Ostrich card

Pig Card

- ✓ Pig - /p/ - spelled P
- ✓ P is an unvoiced consonant that has one basic sound /p/:
pan, plan, up, tape, happy, crisp, price, spice
- ✓ P may occur in consonant blends: SP, PL, SPR, SPL, PR:
spin, play, spring, splash, prod. In all these blends, the P retains its /p/ sound
- ✓ The letter P may occur in the consonant blends PS and PN:
psychology, psychic, pneumatic, pneumonia. In these blends, the P is silent.

Queen Card

- ✓ Queen - /kw/ - spelled QU-blank
- ✓ QU is the way we spell the Old English consonant blend
CW: *quick, quiet, quilt, squirrel, quarter*
- ✓ The QU blend is always followed by a vowel. Since vowels are red on the Sound-Spelling cards, you could scaffold the blank line on the Queen card by placing a post-it with a red blank line over the black blank line
- ✓ The QU blend sometimes splits up across a syllable: *liq-uid, eq-ual, tranq-uil*
- ✓ In some words of French origin, QU adds a silent E and becomes a /k/ sound: *bouquet, mosquito, torque, critique*. There are so few of these words in elementary texts, adding QUE to the Kangaroo card is not recommended.

Rooster Card

- ✓ Rooster - /r/ - spelled R, WR-blank
- ✓ The letter R is a voiced consonant for the first sound in rabbit: *rain, tree, run, carry, rich*
- ✓ It is not the /er/ sound. The lips should form a pursed (kissing) circle and a stream of air is emitted from the lips.. When making the /er/sound (Bird card), the lips are open in a square and no stream of air is emitted.
- ✓ The letter R is a sophisticated sound and is especially difficult for beginning reading students. Making and hearing the R sound after consonants and in consonant blends (br, fr, gr, shr, tr, spr, cr, scr) develops later than other combinations.
- ✓ All short vowel sounds are distorted when followed by the R sound:
car, for, her, sir, fur
 - The R sound changes short A to the short O sound: *car, far*
 - The R sound changes short O to the long O sound: *for, more*
 - The R sound changes short E, I, U and the short vowel team EA to the ER sound: *her, fir, fur, learn, early*

- ✓ When the R sound follows a long vowel and some vowel pairs in a single syllable word, the word may sound like it has two syllables: *fair, fear, tire, core, sour, poor, pure*
- ✓ WR_ is a native English spelling for the sound of R at the beginning of a word only. At one time the W was pronounced. Most of these words have meanings connected to the idea of twisting: *write, wrist, wrench, wrap, wrestle, wrinkle*
- ✓ In words borrowed by the Romans from the Greeks, the initial sound of R is spelled RH: *rhyme, rhythm, rhombus, rheumatism*. There are too few of these words in the English language to add a Post-it to the Rooster card.

Seal Card

- ✓ Seal - /s/ - spelled S, CE, CI-blank
- ✓ The letter S is an unvoiced consonant for the first sound in seal and sail: *sat, same, sight, soap, soot*
 - Note: See the Zebra card for the voiced S sound
- ✓ The letter S is unvoiced when it is the first member of a consonant blend: *scar, school, skim, slip, smoke, snake, spin, split, spring, squeak, stick, street, swing, desk, crisp, must, sphere, schizophrenic, sword*
- ✓ The letter S is unvoiced when spelled S or SS and is between vowels: *case, basin, besides, usage, house, missile, tassel*
- ✓ The letter S is the most actively used native English suffix, forming plural nouns (*cat/cats, lip/lips*) and the third person singular of the present tense of verbs (*run/runs, hit/hits*)
- ✓ The letter S makes the unvoiced /s/ sound after unvoiced consonants: *cuffs, looks, tops, hits, rakes, types, notes*
- ✓ When the unvoiced S sound occurs at the end of a root word, following a short vowel, it is spelled SS. Because there are a significant number of words ending in SS, when the occasion arises, it is recommended that you add a post-it to the Seal card that has a blank with a green post-it in front of the SS spelling: *mass, boss, kiss, kindness, princess*

- ✓ A single S occurs at the ends of Latin suffixes: -ous, -as, -is, -os, -us: *famous, canvas, basis, cosmos, cactus, focus*
- ✓ Some root words end in an unvoiced SE: *horse, else, nurse, goose, grease, tortoise*. The silent E shows the reader that the S is not a suffix and helps distinguish between *lapse/laps, diverse/divers*.
 - Some words ending in SE have a voiced /z/ sound. See the Zebra card.
- ✓ In the consonant blend SC preceding E, I, or Y, the C has a soft sound, so the blend sounds like a plain S sound: *scene, science, scent*
- ✓ The letter C makes the soft /s/ sound when it is followed by the letters E, I, or Y: *cent, cedar, city, cider, cycle, race, racy*
- ✓ While the CE spelling for the /s/ sound can come at the end of a word (*dance, mice, face, once, police*), words of English origin do not end with CI. The CI spelling for the /s/ sound is always followed by another letter: *pencil, deficit, appreciate, scissors*
- ✓ A few rare words end with or contain the unvoiced S sound, but it is written as a Z: *chintz, quartz, eczema, howitzer*

Tiger Card

- ✓ Tiger - /t/ - spelled T, blank-ED
- ✓ The letter T is an unvoiced consonant
- ✓ The letter T has one basic sound, the first sound in *top*:
time, train, last, cotton, title, little, stain, fist
- ✓ _ED is an inflected ending that changes a verb to the past tense; it is pronounced as a /t/ sound if it follows an unvoiced consonant: *asked, backed, taped, shaped, mixed, guessed, wished*
- ✓ The letter T is silent in -STLE, -STEN, AND -FTEN: *castle, wrestle, listen, fasten, often, soften*
- ✓ The letter T is part of the consonant blends TR, TW, and STR: *tree, treat, twice, twinkle, symmetry, strawberry, strike*
- ✓ In words of French origin, a final T is silent: *bouquet, depot, debut*; but when a final silent E is added the T is pronounced: *route, suite, petite, elite, gazette, etiquette*

Umbrella Card

- ✓ Umbrella - /_/_/ - spelled U
- ✓ The letter U is short when it is within a syllable (cvc, vc):
but, fun, drum, dump, sub-ject, bundle
 - Exception: When the consonant following the short U is an R, the short U sound changes to the ER sound: *fur, turn, burst, turkey, purple, hurry*
- ✓ In words that begin with U, the U is short if it has a consonant after it in the same syllable: *up, un-der, un-like, un-done*

Volcano Card

- ✓ Volcano - /v/ - spelled V
- ✓ The letter V is a voiced consonant: *five, vine, vote, never, oven, advocate, behavior, adventure, gave*
- ✓ Unlike other consonants, the letter V is never doubled when adding a native English suffix: *driving, arriving, evolving, diver*
- ✓ The letter V never appears at the end of a word without a silent E: *give, live, have, prove, cleave, improve.*
 - In these words the silent E does not make a single vowel before it long, rather these words have either a short I or U sound (*glove, love, give, native*) or a long OO sound (*move, prove*). Vowel teams retain their sounds, however: *groove, waive, heave, receive, sleeve, mauve*

Worm Card

- ✓ Worm - /w/ - spelled W-blank
- ✓ The letter W is a voiced consonant that occurs before the vowel by itself or as the second member of a consonant blend: *we, went, twelve, twist, swing, dwell*
- ✓ When the /w/ sound is pronounced a stream of air is emitted from the lips.

- ✓ When W comes before A or O within the syllable the vowel remains short if followed by G, CK, K, X or NG:
wag, wax, twang, polliwog, quack
 - Otherwise, when W comes before A or O within the syllable, the short A changes to the short O sound: *want, wash, swap*
 - Or the short O changes to a short U sound: *won, wonder, woman*
 - If the letter after the changed A or O is R, or R followed by a different consonant, it changes the short O sound of the A to a long O sound and it changes the short U sound of the O to the same sound as in UR: *war, warm, warden, world, worse*

Fox Card

- ✓ Fox - /ks/ - spelled blank-X
- ✓ X is a single letter for the consonant blend KS: *ox, six, relax, next, except, oxygen*
- ✓ The letter X follows a single vowel, the vowel is short.
Scaffolding the Fox card with a green Post-it is recommended.
 - Exceptions: when X follows a vowel team, the team retains its normal sound: *hoax*
- ✓ When a word ends in the KS blend sound, the letter X keeps the word from looking like the suffix -s has been added to it: *tax/tacks, lax/lacks*
- ✓ The letter X is never doubled when adding a suffix since it already represents two consonant sounds
- ✓ In a few unusual words, the letter X sounds like Z: *Xerox, xylophone, xerxes, xenophobia*. Do not add this sound to the Zebra card.
- ✓ NOTE: The kindergarten Alphafriend is the Mr. X-ray card and not the Fox card.

Yo-Yo Card

- ✓ Yo-yo -- /y/ -- spelled Y-blank
- ✓ This card represents Y in its voiced consonant form at the beginning of a word or syllable: *you, yes, yard, yellow, lawyer, canyon*
- ✓ Anywhere else in a word, the letter Y is a vowel
 - Y is short within a syllable: *gym, symbol*
 - If the suffix begins with I, the Y remains unchanged since we never have two I's in a row in English: *crying, flying*
 - Y is long and sounds like long I when:
 - it is the only vowel in the root of the word, and is the very last letter of the word: *by, cry, fly, deny, satisfy*
 - Y is stressed because of being in a root: *cries, denied, trial*
 - it is the last letter in a syllable: *ty-rant* (unless the word is of Latin origin - *cynic*)
 - it is in the spelling pattern Y_E (*type, style*) or the vowel team YE (*rye, bye*)
 - it is stressed before another vowel:
cy-a-nide, hy-a-cinth
 - Y is long and sounds like long E when:
 - it is unstressed because of being in a suffix: *candy, sandy, happily*
 - it is unstressed before another vowel: *hal-cy-on*

Zebra Card

- ✓ Zebra - /z/ - spelled Z, blank-S
- ✓ The letter Z is a voiced consonant. It is the same sound as the voiced S, but S is never voiced at the beginning of a word: *zero, zone, zipper, fuzzy, frozen, realize*
- ✓ The double ZZ always follows a short vowel. There are not that many words with ZZ but this could be added to the Zebra card if deemed necessary. Add a green Post-it on the blank line in front of the ZZ if you do put it on your Sound-Spelling card: *buzz, fizz, puzzle, drizzle, fuzzy*
 - Exceptions: *quiz, whiz, fez*
- ✓ A voiced S makes the Z sound:
 - S between vowels is often voiced: *raisin, easy, nose, music*
 - S is the most active of English suffixes and is voiced after vowel sounds: *days, bees, ties, shows, news, boys*
 - S makes the Z sound after voiced consonants: *rubs, heads, tags, tales, hums, pans, stars, dives, leaves*
 - When an E is inserted before the S and after S, Z, J, CH, SH sounds so that the added S can be heard distinctly: *passes, buzzes, bridges, pages, catches, rushes*
- ✓ The letter Z never appears alone at the end of a word. The consonant team ZE is used. These occur after a vowel team or a consonant letter: *freeze, gauze, maize, bronze*
 - Exception: *adz*
- ✓ In a few words preceding a long U sound or an unstressed I sound, the letter Z makes the ZH sound: *azure, brazier, glazier*

Sheep Card

- ✓ Sheep - /sh/ - spelled SH
- ✓ The SH sound is a Germanic sound for which ancient Latin had no single letter to represent: *shape, shed, rush, mesh, fish, marsh, shrug*
- ✓ If the S and H belong to different roots, they maintain their own sounds: *grass-hopper, mis-hap, dis-honor*

- ✓ The SH sound is made by several other spelling patterns. It is not recommended that these patterns be added to the Sheep card.
 - When the SH sound occurs before Latin suffixes it is spelled -CI-, -SCI-, -SI-, -SSI-, or -TI-: *spacious, conscience, tension, passion, partial, ratio, negotiate, nation, clinician, magician*
 - When the SH sound occurs before an unstressed long U it is spelled -S- or -SS-: *censure, tissue*
- ✓ The SH sound is spelled with a CH in words recently borrowed from the French: *chic, chef, chauffeur, parachute, mustache, chateau*. As the need arises, a Post-it with the CH spelling may be added to the Sheep card.

Thumb Card

- ✓ Thumb - /th/ - spelled TH
- ✓ TH is a consonant team used to spell a sound of Greek origin. This team can be either voiced or unvoiced.
- ✓ TH is voiced:
 - At the beginning of the pointing words: *the, that, these, there, then, they, them, thy*
 - Between vowels in native English words: *mother, feather, either, clothes, bathe, loathe, teething, mouthing*
- ✓ TH is unvoiced:
 - At the beginning of nouns, verbs, and adjectives: *thief, thumb, thank, thin, thump, thing*
 - When it is the first member of the consonant blend THR: *through, three, thrifty, thread*
 - At the end of a word: *path, death, health, moth, north, south*
 - In words of Latin origin the unvoiced TH can occur in any position in a word: *therapy, thorax, ethics, sympathy, myth*

Whale Card

- ✓ Whale - /hw/ - spelled WH-blank
- ✓ This is an unvoiced consonant team that appears only at the beginning of words: *when, where, which, why, wheel, whip, whine, whisper*
- ✓ When the /hw/ sound is produced, no stream of air is emitted from the mouth
- ✓ In some regions, the WH sound is indistinguishable from the W sound, except by holding your fingers up in front of your mouth as you say the words. WH words produce a puff of air when spoken; W words do not.
- ✓ Before a long O or OO sounds, WH sounds like H: *who, whom, whose, whole, whooping*

Chick Card

- ✓ Chick - /ch/ - spelled CH, blank-TCH
- ✓ The CH sound in the word chick did not occur in the Latin language so CH was used to spell this English sound: *chair, check, chill, chop, chunk, peach, coach, urchin, merchant*
 - Exception: In the word *yacht*, the CH is silent
- ✓ TCH is a consonant team for the sound of CH when it occurs immediately after a short vowel sound in a root word: *catch, etch, ditch, notch, clutch*
 - Words with TCH are words that can take the English suffixes -ed, -ing, -er, -es, -y, -en: *richer, catcher, etching, ditches, matched*
 - Exceptions: some words and syllables have the CH sound after a short vowel but are not spelled with TCH: *which, much, such, bachelor, detach, attach, duchess*

Acorn Card

- ✓ Acorn - /_/_/ - spelled A, A-consonant-silent E, AI, blank-AY
- ✓ The letter A is long and says its name when it is the last letter in a syllable: *ba-by, ta-ble, la-ter, a-corn, ba-king, cra-dle, fa-tal, va-ca-tion*
 - When the long A is the last letter in an unstressed syllable, the long A sound is somewhat muffled, sounding more like a short U sound: *away, across, about, around, along, dependable, supremacy*
 - Exceptions: *water, any, many, papa*
- ✓ A is long in the spelling pattern A-consonant-E: *bake, cane, be-have, se-date, con-gre-gate*
 - This pattern also applies when the consonant space is filled with the consonant teams NG or ST: *change, strange, angel, paste, taste, hasten*
- ✓ AI is a vowel team for the long A sound within a root word: *mail, tail, pain, faint, claim, praise, faith*
 - When AI occurs in an unstressed syllable, it is often muffled and sounds more like a short U sound: *mountain, bargain, captain, curtain, portrait, certain*
- ✓ AY is a vowel team for the long A sound at the end of a word or syllable: *pay, day, clay, mayor, prayer, birthday, mayhem*

Ice Cream Card

- ✓ Ice Cream - /_/_/ - spelled I, I-consonant-silent E, IE, IGH, blank-Y
- ✓ The letter I is long when it is the last letter in a syllable: *I, bi-ting, i-de-a, de-ci-ded, twi-light, ri-ot, va-ri-e-ty, bi-o-lo-gy*
- ✓ The I is long in the spelling pattern I consonant E:
bite, five, white, guide, de-cide, spe-cia-lize
 - Exceptions: Words that have I-consonant-E in an unstressed syllable often have a short I sound: *justice, native, motive, adjective*

- ✓ IE is long when it is at the end of a root word: *pie, tie, lie*
- ✓ IE is long when the Y of a root word is changed to add a suffix: *flies, cried, replies, denied, satisfied*
- ✓ IGH is a vowel team for long I. It is left over from old German and old English spelling: *right, light, night, sigh, thigh, knight*
- ✓ Y makes the long I sound when it is at the end of a root word: *cry, fly, my, sky, reply, deny, satisfy*
- ✓ Y makes the long I sound when it is before another vowel in a root syllable: *cy-an-ide, hy-e-na*
- ✓ Y makes the long I sound when it is in the middle of words of Greek origin: *hydrogen, cyclone, stylish, dynasty, hyphen*
